

National Close the Gap Day Event

Please join

Western VACCA IPC Health and Koling Wada-Ngal

To celebrate and support

**“ National Close the Gap Day—Strong Culture, Strong Youth:
Our Legacy, Our Future”**

More than a decade ago now, in 2008, the Close the Gap campaign began. The Close the Gap campaign arose in response to Professor Tom Calma's Social Justice Report (2005), which challenged Governments to bring health equality within a generation for Aboriginal and Torres Strait Islander families.

Please join us supporting Aboriginal and Torres Strait Islander families in Closing the Gap on Health and Wellbeing issues, there will be stall holders from health and wellbeing organisations, providing information, resources and services available.
