

# WE AL-LI IN THE WEST

Eternal Earth Connections and We Al-li are proud to partner together to bring a series of 16 workshops to the Wunggurrwil Dhurrung centre in the west of Melbourne.

All too often, Aboriginal and Torres Strait Islander communities are not given the same access to training and resources that services and organisations are.

As transformation is created when we work with our communities directly, we are asking services, organisations, and businesses to not only fund their staff to attend, but also to 'Pay it forward' and sponsor tickets which enable Aboriginal and Torres Strait Islander community members to attend.

The 16 workshops are split into 2 groups. There will be a delivery of 8 workshops that are open to the public to attend and there will be another delivery of 8 workshops that are for Aboriginal and Torres Strait Islander community.

## Our 2023 Public Workshops
